

Ali Ahunbáev, Product Designer & Design Engineer Based in New York City ahunbaev.com alihazunbaev@gmail.com		
Experience	Verci Creative Director & Ideation Lead 2026 – Present	• Verci is a creative members space in Flatiron. I run content strategy: a weekly publishing rhythm, a carousel system, and the brand deck. • Grew Instagram by 10,000 followers by creating an editorial series exploring creative communities of the past: researched, wrote, designed, and published. • Recruited and directed videographers and editors for a new short-film format; managing content calendar and working directly with the founder.
	Combat Créatif Cofounder & Creative Director 2022 – Present	• Combat is a studio and brand producing apparel, print, community events, and software. • Shot campaigns and short-form marketing content for a hoodie drop totaling \$30,000 in revenue. • Designed and sampled garments; published Combat Journal, a 70-page print magazine detailing the process and intention behind each product. • Produced and hosted The Art Movement, an art exhibition and rooftop event in New York for young creatives and speakers, 350+ RSVPs, 250 attended.
	Independent Practice Freelance Designer & Developer 2024-2025	• Designed and built brands, websites and online stores for clients, including an e-commerce and editorial site for Hardtokill, a social-media based brand who needed a touchpoint to launch products after crossing 400K followers.
Projects	Marble: Training Journal iOS App 2026	• Designed and built an iOS training journal in SwiftUI, live on the App Store since July 2026: 800 downloads, generating revenue in the first week. • Created brand identity, posters, landing page, and a photo & film campaign.
	Favorite: Library for Taste Web-App 2026	• Built a digital library for creative references and inspiration, with the ability to share shelves with friends and an AI-tuned feed that curates content for you based on previous taste.
Education	New York University B.S. Computer Science 2025 – Present	• Transferred from Harper College (4.0, full-tuition merit scholarship) after a year of independent building and freelance work. • Currently on leave for Fall 2026.
Skills	Design & Creative Direction	• Figma, Brand Identity, Typography, Print & Editorial, Illustration
	Building & Prototyping	• SwiftUI, Claude Code, React, Next.js, HTML, CSS, Javascript
	Content Creation	• Writing, Editing, Photography, Film, Content Strategy
